

SUCCESS STARTS WITH A WINNING TEAM

FIRST-RATE PERSONNEL, UNPARALLELED CUSTOMER SERVICE, STATE-OF-THE-ART EQUIPMENT AND MODERN INNOVATIVE FACILITIES — JUST A FEW REASONS TO CHOOSE US FOR ALL YOUR STEVEDORING, WAREHOUSING AND DISTRIBUTION NEEDS.

Penn Warehousing and Distribution, JH Stevedoring and Murphy Marine Services, Inc. have formed a strategic alliance to offer our clients a unique and consolidated approach to maritime freight delivery and storage. Working together we offer a single point of contact for all of your shipping and storage needs. Personnel from any of our companies can steer you in the proper direction with important purchasing decisions including loading/discharging efficiencies, cost-savings and port/company selection that best fits your particular needs. You won't find collaboration like this anywhere else.

Our distinction lies in our ability to closely coordinate your needs. We bring to the table over 120 years of combined experience in the areas of stevedoring, warehousing, distribution and shipping logistics. Our team can provide over 500 specially trained personnel with over 1 million logged man-hours. Our combined facilities offer 17 berths, 3 auto/RoRo ramps, heavy load equipment, and 24 hour customer access to cargo tracking. We are capable of handling a multitude of goods including: automobiles, bulk, containers, fresh and perishable fruit, paper and forest products, steel, wire rod and many others.

We are strategically located in the heart of the eastern seaboard with ports at Wilmington, DE and Philadelphia, PA. These locations offer convenient and immediate access to Washington DC, New York, The U.S. Midwest and Canada via Interstate, freight and Class 1 rail connections. Our member companies service two-thirds of United States and Canada within 48 to 72 hours.

Our goal is to offer you "smooth sailing" while in our ports. The expert staff of each of the member companies knows the ropes and will make sure your product is delivered intact, on time and within budget. A phone call to any of our members is all you need to handle ALL your vessel loading and unloading services.

PENN WAREHOUSING & DISTRIBUTION

CHOOSE THE EAST COAST'S PREMIER PROVIDER OF WAREHOUSING AND DISTRIBUTION FOR ALL OF YOUR PRODUCT NEEDS. EXPERIENCE THE DIFFERENCE OUR PROFESSIONAL STAFF, STATE-OF-THE ART FACILITIES AND EQUIPMENT MAKES.

Since our establishment in 1920, Penn Warehousing and Distribution has been handling a wide range of storage and delivery needs. Our goal of providing the best possible service to meet the needs of our customers is a challenge we have mastered through superior handling and performance, technological advancements and a constant eye on customer satisfaction.

Located on the Delaware River in Philadelphia at piers 38/40, 74A, 78, 78A, 80A, Penn offers 2 million square feet of warehouse space. We operate a modern 112 lift-truck fleet with capacities from 5,000 to 25,000 lbs. including flat bed/drop deck trailers and jockey trucks. Our staff consists of highly trained members who are committed to excellence while concentrating on safety. All of our employees undergo recurrent training and attend workshops on a regular basis to stay abreast of industry trends and developments.

Our quality warehouse management system includes RF scanning, one fax/EDI to setup and/or release product and 24-hour web access to inventory shipments. Turnkey service and total logistics packages are available. Finally, our compliance with ISO 9001:2008 and C-TPAT certifications assures the accuracy and effectiveness of our transactions.

Specialists in the safe and secure handling and warehousing of forest products, Penn Warehousing & Distribution offers an on-site repair and rewrap facility. This service reduces claims and expedites damage-free shipments to your customers. Our highly trained workforce is dutiful in the handling of high-quality coated paper, newsprint, lumber, wood pulp and other forest products to minimize damage and maximize efficiency. Specialized equipment including 112 Hyster Machines with Auramo clamps, 20" to 72" roll clamps, rotating and non-rotating bale clamps with varying length flat forks that assist in the process.

COMPETITIVE STRENGTHS

- QUALITY HANDLING OF FOREST PRODUCTS
- IMMEDIATE DAMAGE SEGREGATION
- ON-SITE REPAIR AND REWRAP FACILITY
- ON-SITE INTERMODAL FACILITIES
- CONVENIENTLY LOCATED TO INTERSTATE HIGHWAYS I-95 AND I-76
- 2 MILLION SQ. FT. OF DRY STORAGE
- REFRIGERATED STORAGE
- 3 ON-SITE RAIL SERVICE PROVIDERS

MURPHY MARINE SERVICES INC.

OPERATING OUT OF THE PORT OF WILMINGTON IN DELAWARE, MURPHY MARINE SERVICES HAS BEEN HANDLING A MULTITUDE OF STEVEDORING TASKS FOR SOME OF THE WORLD'S LARGEST IMPORTERS AND EXPORTERS FOR OVER 25 YEARS.

Relying on a strong hands-on management and supervisory approach, MMS is well-equipped to provide solutions and partner with you in solving your transportation challenges. Our cargo and customer base range from large multinational produce companies, Chiquita and Dole, to individually owned private autos each receiving the same value-added level of service and attention to detail.

The Port of Wilmington is located at the confluence of the Christina and Delaware Rivers midway between New York City and Washington D.C. Situated on 308 acres, with direct access to Interstates 95 and 495 and being served by 2 Class I railroads, Norfolk Southern and CSX, cargo moving through the Port has overnight access to more than one third of US and Canadian consumers. Taking advantage of its' prime geographic location, MMS and the Port handle over 1.5 million tons of refrigerated produce annually. The Port receives bananas from Central America, grapes, plums, peaches, apricots, berries, apples and pears from Chile, apples and kiwi from New Zealand, pears and apple juice concentrate from Argentina, orange juice concentrate from Brazil and clementines from Morocco. To ensure that these products stay fresh prior to delivery, the Port boasts the nation's largest dockside refrigerated warehouse facility-over 800,000 square feet with a temperature range of 50f/10c to 32f/0c.

Weekly arrivals of containerized bananas account for an annual throughput of over 250,000 TEUs. In an extremely competitive marketplace, where quick dispatch and turnaround of vessels is required, MMS and the Port keep our customer's ships on schedule with the help of dedicated berthing, equipment, labor and container facilities.

COMPETITIVE STRENGTHS

- 50-TON SHORE SIDE GANTRY CRANES
- THE NATION'S LEADING PORT-OF-CALL FOR PRODUCE
- UTILIZES THE LARGEST DOCKSIDE COLD STORAGE AND CONTROLLED ATMOSPHERE FACILITY IN THE UNITED STATES
- EQUIPPED TO HANDLE BULK AND BREAK BULK PRODUCT INCLUDING WIRE ROD, STEEL AND LUMBER
- REAL TIME ON-HAND INVENTORY MANAGEMENT WITH CUSTOMER ACCESS

Murphy Marine Services, Inc.

11 Gist Road
Wilmington, DE 19801
Tel: 302-571-4700 • Fax: 302-571-4702
Web: www.murphy-marine.com

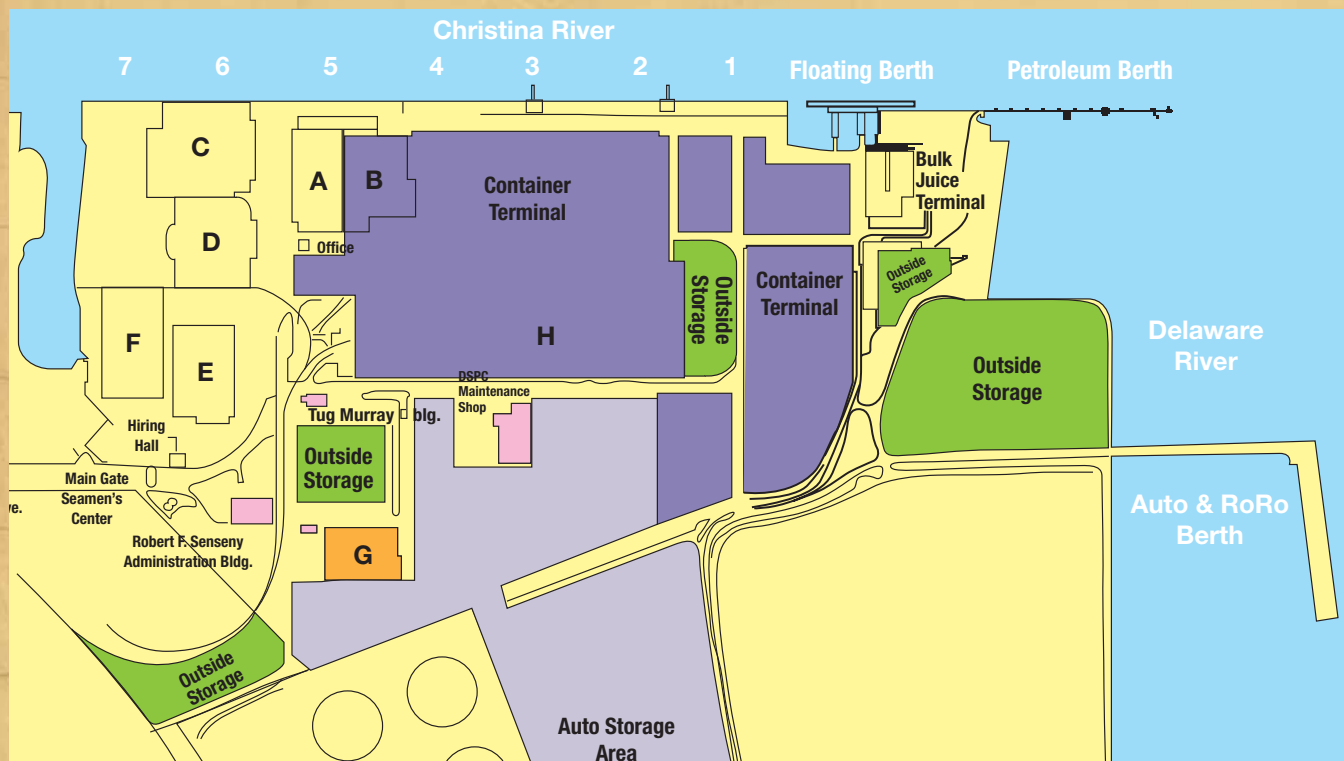

As a designated Foreign-Trade Zone, Murphy Marine can impart lower inventory carrying costs by deferring duty expenses on imported goods during the time they are warehoused.

Since 1980 we have handled over 1,000,000 import and export automobiles. Working with vehicle manufacturers and understanding their needs, we have developed a Vehicle Quality Program which provides us with the base for damage free and expeditious loading and discharging of vehicles.

Drawing from its supervisory staff with over 150 years of ship and terminal experience, MMS can provide the practical knowledge necessary to handle all breakbulk and bulk cargos in an efficient and cost-effective manner. Including lumber, steel products, and bulk cargos, we can provide full logistical services including discharge to or from vessels' holds, trucking, high-piling and short or long-term storage. Our ability to supervise your entire transportation chain allows you to concentrate on other tasks while MMS safeguards all your transportation needs.

MURPHY MARINE OPERATES OUT OF THE PORT OF WILMINGTON IN DELAWARE.

JH STEVEDORING

RECOGNIZED AS ONE OF THE MOST COST-EFFECTIVE AND RELIABLE LABOR FORCES IN THE NORTH ATLANTIC, JH STEVEDORING OFFERS A WIDE RANGE OF LOADING AND UNLOADING SERVICES WITH A FOCUS ON UNCOMPROMISED CUSTOMER SERVICE AND SAFETY.

Operating out of the Pier 80 complex in Philadelphia, PA JH Stevedoring maintains excellent labor relationships while reducing vessel costs through flexible start times and hiring policies.

With an experienced and reliable workforce, our skills extend from ship to shore. Our staff undergoes on-going training and attends workshops to keep abreast of all the latest industry trends. Our quality control commitment is made apparent in our credentials including our most recent ISO 9001:2008 and C-TPAT certifications.

Our state-of-the-art technology offers fully computerized facilities, modern equipment, electronic data interchange, and web access to allow you to view and track inventory/shipments from purchase to delivery.

No other cargo handler has worked more laboriously to perfect the loading and unloading of products than JH Stevedoring. Our proficiency in the quality handling and safe and secure discharge of products has been demonstrated time and time again. Our specialized equipment includes a 112 lift-truck fleet with capacity range from 5,000 lbs to 25,000 lbs, including paper roll clamps, bale clamps, multi-unit pallet handling equipment and lumber forks. We also have specially engineered lifting gear to effectively handle all size rolls of paper as well as various other commodities. We specialize in handling high quality coated paper, newsprint, wood pulp, and a variety of unitized cargo products to minimize damage and maximize efficiency.
